For Governor, Councillors, State Senators, Members of the House of Representatives, Members of Congress and County Officers, elections occur on Tuesday next following the first Monday in November, *biennially*, dating from the year eighteen hundred and seventy-eight, (1878).

TENURE OF OFFICE UNDER THE AMENDED CONSTITUTION.

EDITOR'S NOTICE.—To the end that the time when certain officers take their places, by provision of the amended Constitution, may be known, the following extracts from the Laws of 1877, chapter 33 and chapter 74, are cited herewith, to wit:—By provision of "the Amendments to the Constitution" of New Hampshire, "which were proposed by the Constitutional Convention of said State at its session in December, 1876, and which were submitted to, and legally adopted by, the qualified voters of said State at the annual election in March, 1877," and made effective by chapter 33, Laws of 1877 approved July 10, 1877), and chapter 74, Laws of 1877 (approved July 19, 1877) the offices of "County Commissioners, Treasurers, Registers of Deeds, Registers of Probate, Solicitors, and Sheriffs" were made elective "on the Tuesday following the first Monday in November, biennially." "The true intent and meaning of this provision being that those constitutional amendments relating to elections and the tenure of office shall take place at such times as that there shall be an annual election in March next, under the old constitution, and that the officers then elected shall hold their offices for one year as they now do: and that at the election in November, A. D. 1878, all the officers above enumerated shall be elected under the amended constitution for two years, and shall take their places on the first Wednesday of June, 1879, and that upon that day all the amendments to the Constitution shall take full effect. (Approved July 10, 1877)."

The latest biennial election occurred November 4, 1890. See official tables, giving detail of the vote in each of the ten counties of New Hampshire at said election, and in connection with the vote for Governor, complete detail of the number of names upon the check-list as used at the election November 4, 1890 in each of the towns and city wards; also the complete detail of the United States census of 1890, for each and every town, city, ward, and unincorporated place in the State of New Hampshire, as found by the census enumerators in June, 1890.

NEW HAMPSHIRE SENATORS, FROM 1789-1897.

The following table of Senators of the United States, from the First Congress to the close of the Fifty-Third Congress, has been carefully compiled from the records of the Senate of the United States of America, expressly for the Manual of New Hampshire Official Successions, by Hosea B. Carter, Actuary, in the office of Secretary of State, Concord.

NOTE.—Under Article 1, Section 3, Clause 2, of the Constitution of the United States, relating to the classification of Senators in the first and succeeding Congresses, it was provided that, "Immediately after they shall be assembled in consequence of the first election, they shall be divided as equally as may be into three classes. The seats of the Senators of the first class shall be vacated at the expiration of the second year, of the second class at the expiration of the fourth year, and of the third class at the expiration of the sixth year, so that one-third may be chosen every second year." The classification of the Senators of the First Congress was made in accordance with this provision by lot. The following table shows the classes to which the Senators of the First Congress were assigned, and the succession to the close of the Fifty-Third Congress.

His speech in the legislature, then in session at Exeter, at the time of the fall of Ticonderoga, when public credit was exhausted and the patriots nearly discouraged, ought to go down to posterity beside that of the patriotic Henry. I have seventy hogsheads of Tobago rum, which will be sold for the most it will bring. They are at the service of the state. If we succeed in defending our firesides and our homes, I may be remunerated; if we do not, then that property will be of no value to me. Our friend Stark, who so nobly maintained the honor of our State at Bunker Hill, may be safely entrusted with the honor of the enterprise, and we will check the progress of Burgoyne." SHELBURNE, Coos Co.—Granted May 3, 1769; addition granted Nov. 21, 1770, and was called Shelburne Addition until it was incorporated as a town by the name of Gorham June 18, 1836. Heights along the principal water-shed of New Hampshire, which bounds the Connecticut basin on the east, are elsewhere given, also Lakes and ponds, with area of each, together with height above sea-level.

The rivers of New Hampshire are broken along their whole course by falls and rapids, separated from each other by intervals of a few miles each, many of which afford sites for manufacturing towns as favorable as any already occupied. The existence of the cities of Manchester, Nashua, Lowell (Mass.), and Lawrence (Mass.), must be referred mainly to this cause, and many rapidly-growing villages have sprung up to utilize the waiting labor-power of our streams. Comparatively a small part, however, of our water-power is yet employed.

NOTES AND EXPLANATIONS.

Names of presidential offices are in italics. The asterisk (*) after names denotes money-order offices. The dagger or cross (†) in "salary" column represents new offices (from some of these only partial or imperfect returns, or no returns at all, had been received by the post-office department when this statement was compiled). The asterisks (**) at name of Chocorua are to call attention to the fact that Chocorua takes the place of Tamworth Iron Works, Carroll County. Post-offices at Hillsville and at Shaker Village have been abandoned.

DEER PARK HOTEL.—This hotel is situated on the northern terminus of the Pemigewasset Valley Railroad, about seventy-five rods from the depot, on a high plateau. The house is new, having been built in 1886-87 to accommodate one hundred and fifty guests. In 1887 the accommodations were not sufficient, and it was enlarged by an addition of one hundred feet, giving an extra parlor and forty-two additional sleeping rooms; also a private dining room. Some twenty rods from the house is a Deer Park. The house is furnished throughout without regard to expense. The water supply comes from Loon Mountain. The house will accommodate two hundred guests. The East, Middle and West Branches join their waters about one hundred and fifty rods below the hotel, forming the Pemigewasset River; these streams are inhabited by beautiful speckled trout in great abundance, making the finest fishing resort in the state. The long-talked of Moosilauke Road has been completed, making one of the most picturesque and romantic drives in the mountains. The distance from Deer Park to Breezy Point House is 9 miles, and from there to the summit 5 miles; making the distance from Deer Park to the top of Moosilauke 14 miles. The hotel is four and one-half miles from the Flume House, nine and one-half miles from Profile House, two miles from Moosilauke Basin. There are fine groves of beautiful trees of all kinds around the hotel. Five hours' ride from Boston, without change of cars, from Boston & Lowell Station. The sanitary arrangements of the house are as near perfection as can be obtained. Buchanan & Willis, proprietors. Hon. John J. Bell, owner.
JAS. H. BACHELDER, Proprietor of North Woodstock's New Hotel, "The Alpine." The Alpine is furnished in the best manner throughout; the house is lighted by gas, and special attention has been given to the ventilation and drainage. The spacious grounds of thirty acres offer ample facilities for all out-door amusements. North Woodstock.
